ABOUT THE PRESENTATION:

For more than 1500 years the Church in both the East and West has regarded Holy Week as the most important moment of the Church year. During the solemn celebrations beginning with Palm Sunday and continuing with Holy Thursday, Good Friday, and culminating in the great Vigil of Easter on Holy Saturday, we are invited to encounter the One who suffered, died, and rose again for us – thereby forever reconciling us to God, humanity, and the world. These celebrations are not mere historical reminiscences, but the means by which all Christians, no matter their level of education and background, are invited to enter ever more deeply in this saving mystery. Come explore our multi-textured liturgical tradition of Holy Week and appreciate how these days help us to live the passion, death, and resurrection of Jesus Christ.
